

# Gananogue & District Humane Society

**Cat/Kitten Adoption Application – Note: If approved the adoption will be processed in the order of the time it was received.**

*Adopting a cat is a long-term commitment, so it is important to involve the entire household when deciding to add a furry companion to your home. All of our cats that are available for adoption are spayed/neutered, dewormed, microchipped, fully-vaccinated and have also been treated for fleas! Please complete this form to assist us in helping you choose a cat that is suitable for your lifestyle and home as our main goal is to place all animals into a forever home that is comfortable and suits both the cat and individual's needs. Many factors determine which applicant will be matched with a particular pet. If you are not accepted, it does not mean that you are not considered a good pet owner, it means you and the cat are not a match for success. **The Gananogue & District Humane Society has the right to refuse any adoption to any individual and we will not discuss the reason for refusal. \* IF APPROVED, WE WILL CONTACT YOU\* All information is kept confidential.***
